

Get the  
**most** out of  
your pool ...

## SWIM AS IF YOU WERE IN A NATURAL RIVER ...

*"... imagine you are swimming in your pool. Wouldn't it be fantastic if you had the feeling of being carried by the water?"*

HydroStar from BINDER now makes it possible. The unique turbine-driven counter flow system brings a natural swim experience to your own home pool. With individual controlled flow for every preference. For the young and the old.

**NEW!**

LED spotlight „Atmosfera“  
for atmospheric lighting of the flow.

### RELAX AND ENJOY

You had a stressful day? HydroStar will calm your mind and help you to relax. Give yourself a workout while the current carries you – the result is wellness for the soul.

### ONE FOR ALL. HydroStar.

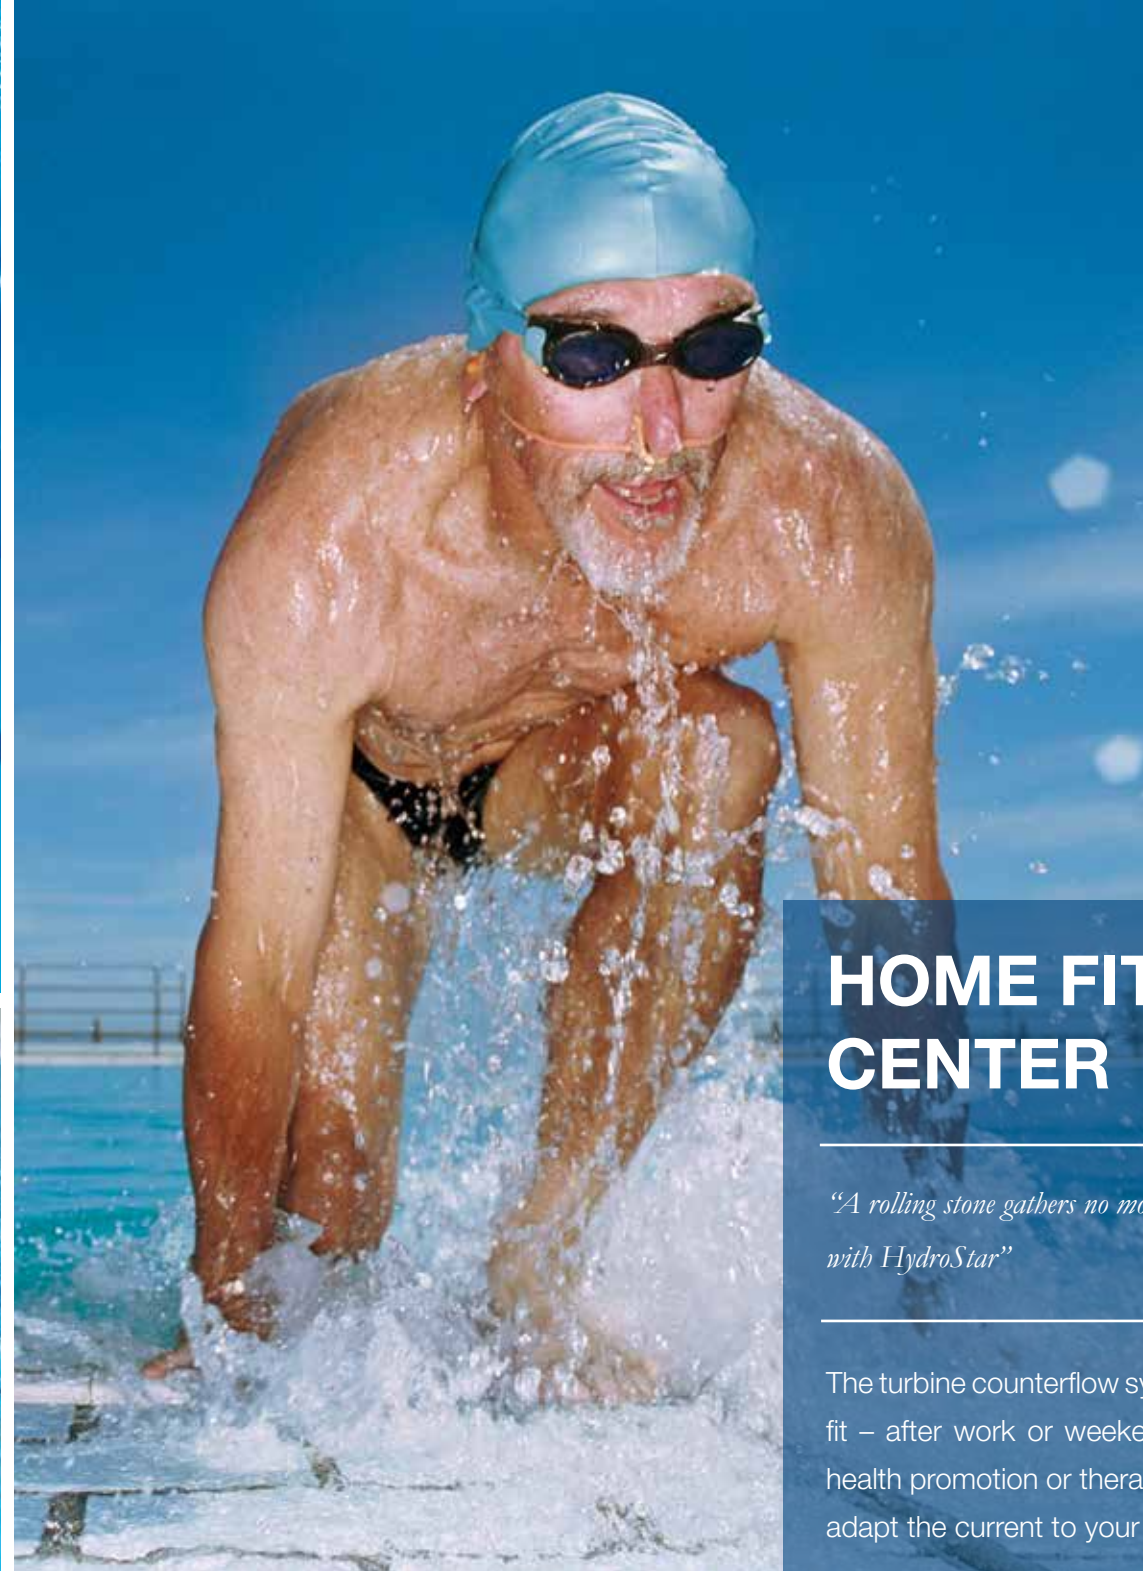

*"Whether you are a leisure swimmer, competitive athlete or a wellness fan – HydroStar from BINDER is perfect for every need."*

This is made possible by the patented technology: turbines generate a wide, regular and powerful current. You decide how strong it should be. HydroStar is easy to install and is also suitable for retrofitting. Since the entire system operates under water it is quiet and requires virtually no maintenance.

### TRAINING OF THE TOP CLASS

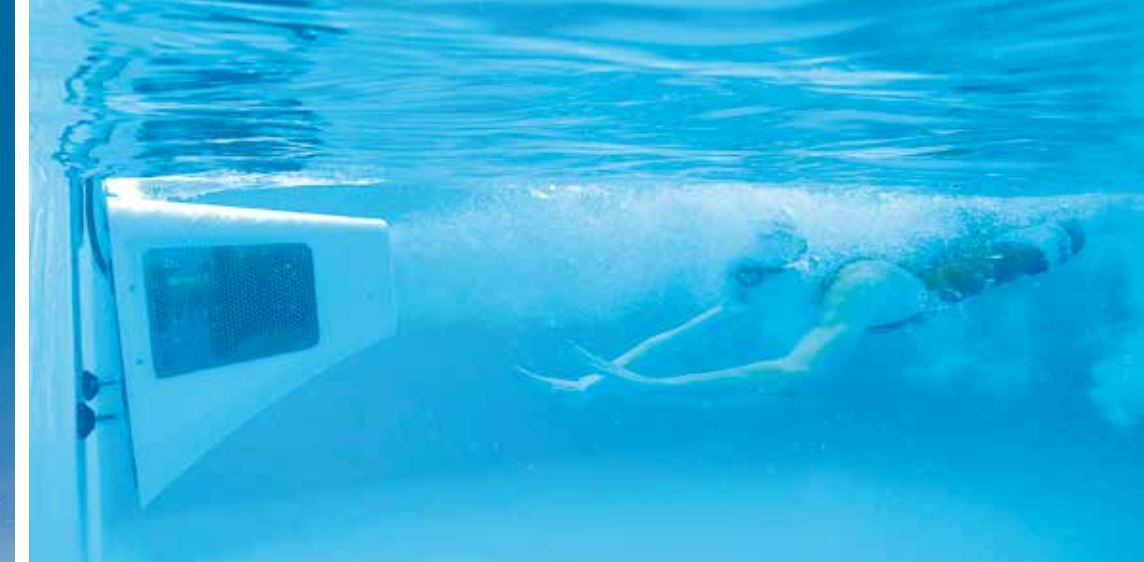

With HydroStar you can really work out. The flow rate can be set exactly to your performance level via remote control, piezo push-button or an optional touch display. The display also gives you the ability to create custom training programs or control the optional LED headlamps.

### HOME FITNESS CENTER

*"A rolling stone gathers no moss – a reason for training with HydroStar"*

The turbine counterflow system is ideal for keeping fit – after work or weekends, at your leisure, for health promotion or therapeutic exercise. You can adapt the current to your individual needs.

### EASY TO RETROFIT

The turbine driven counter-flow system HydroStar can easily be retrofitted into existing pools. The retrofit system that received a new dynamic design fits perfectly into its environment and offers the full performance and all functions of a permanently installed HydroStar system.

### EXTRA SWIMMING FUN!

Swimming with HydroStar is an experience for the entire family. Whether for competition or just for fun: the system is perfect for every need. You're never too old to be silly, are you?
